

TOWNSEND

TOWNSEND CHEMICAL DIVISION

- TCD is a vegetation management herbicide and equipment wholesale supplier, providing products and services to end-use customers, applicators and other distributors.
- TCD supplies vegetation managers with:
 - Herbicides
 - Adjuvant, surfactant and marker sprays
 - Aquatic vegetation management products
 - Tree and grass growth regulators
 - Application equipment
 - Product labels and material safety data sheets
- TCD partners with the leading chemical manufacturing companies in the United States to enhance biodiversity through sound stewardship of the environment. Major suppliers include:
 - Dow AgroSciences
 - BASF
 - DuPont
 - NuFarm
- TCD works closely with leading research and development efforts of universities, non-profit organizations, government agencies and private industries associated with vegetation control, right-of-ways, and habitat management. TCD is at the forefront of efforts to control invasive species while maintaining the delicate balance of native ecosystems.
- TCD brings a commitment of unsurpassed customer service innovation, and product delivery to the vegetation management industry. Our professional staff will develop a program to fit each customer's needs.
