

A unit of
THE TOWNSEND CORPORATION

TOWNSEND CHEMICAL, LLC

Townsend Chemical is a vegetation management, herbicide and equipment wholesale supplier that provides products and services to end-use customers, applicators, government agencies and vegetation managers.

Townsend Chemical supplies vegetation managers with:

- Herbicides
- Full line of private label adjuvants
- Tree and grass growth regulators
- Application equipment
- Full range of value added services

Townsend Chemical partners with the leading vegetation management companies in the United States to enhance biodiversity through sound stewardship of the environment.

Major suppliers include:

- Dow AgroSciences
- BASF
- DuPont
- Monsanto
- NuFarm
- Miller Chemical
- SSI Maxim

Townsend Chemical works closely with leading research and development efforts of universities, nonprofit organizations, government agencies and private industries associated with vegetation control, right-of-ways and habitat management. Townsend Chemical is at the forefront of efforts to control invasive species while maintaining the delicate balance of native ecosystems.

Townsend Chemical brings a commitment of unsurpassed customer service innovation, and product delivery to the vegetation management industry. Our professional staff will develop a program to fit each customer's needs.
